Biology
Chemistry
Chemistry in the Community
Physical Science
Pre-engineering Electronics

AWARDS: MESA Sponsorship, 1999-2000 and 2000-2001
State of Mind Helping Hands, 2003

SIGNIFICANT CONTRIBUTIONS: In ten years of teaching, I have been involved in many groups and organizations from Freshman and Sophomore Academies to MESA and class sponsorships. I have been a representative for Albuquerque at national conferences in the area of semiconductor manufacturing for high school level classes and have helped form some original articulations between high schools and TVI for electronic classes. My most significant contribution thus far has been working with over fifteen hundred students, trying to impress upon them the importance of integrity and higher education.
